<b>Comments</b>	<p>Having looked at the plans it would appear that there would not be much of an impact on my property (except in one particular way) since the bulk of the work seems to be taking place next to 67 The Ridgeway rather than 63. However, having read the objection of 67, it would be incongruous and selfish of me/us if we were not to wholly endorse and support the objections of 67. This is because what 67 faces from the plan of 65 is precisely what I/we along with [REDACTED] at 59 The Ridgeway face from the building plan of 61 The Ridgeway, currently being considered by Chris Carter. I would hope that the council can take a uniform approach to this litany of applications for building monstrosities, respecting the privacy that every householder on our street deserves. If the plans for 65 go ahead it would surely block considerable light and views for 67 as well as invasion of privacy in the same way that the plans for 61 would for both ourselves at 63 and the [REDACTED] at 59.</p>
