Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I have lived in the Brookmans Park-Welham Green area for the last 60 years. I am very surprised with the level of opposition this application, is receiving and has received over the years. I use Kentish Lane on a regular base and I have never experienced any inconvenience when there were activities taking place along the route and in the property in question. There has been a substantial amount of demolition and refurbishment work which has taken place along Kentish Lane over the last twenty years and the issue/traffic/noise/pollution created by the works are nothing compared to a few cars sometime (perfectly legal) parked in front of the properties and the property in question. What's wrong with filming that does not create any additional noise, whose regulation has even been relaxed by recent planning laws, but brings revenue to the area. I fully support this application and I hope the Local Authority looks at the benefits that such activities will bring to our County.."/>
