Dear Mr. G. Gnanamoorthy,

Re: Hertfordshire Constabulary Headquarters Redevelopment , Revision to the Construction Traffic Management Plan – Conditions 1, 6 and 7

Further to your discussions with Willmott Dixon we have prepared a revised Construction Management Plan which amends the proposed route for construction vehicles and therefore we are seeking to re-discharge conditions 1 (Gosling Sports Park Car Park), 6 Partial Phases 1 + 2 only (Construction Management Plan) and 7 (Details of Haul Road) of application ref. 6/2022/2249/VAR.

The revised details included within the submitted Construction Traffic Management Plan (Version 2.0) details the amendments to the Plan in which the Haul Road, accessing the Police Headquarters site at the Northern Boundary is no longer required. Hertfordshire Constabulary have worked with the Contractor and Consultant team to find a solution which avoids accessing the construction site through a third-party. All construction vehicles will now enter and exit the construction site via the existing main vehicular junction between the Headquarters site and Stanborough Road.

In relation to Condition 6 we are seeking a partial discharge of this condition in relation only to phases 1 and 2. A further updated CTMP can be submitted for Phase 3 should that work be commissioned at a later date.

We trust you find the revised CTMP agreeable, but should further clarification be required please do not hesitate to contact me.

Yours sincerely

STEPHEN CHOWN, Associate Director
FOR VINCENT AND GORBING
