Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The Entire Proposal is out of keeping with neighbouring properties and is overbearing. The proposed depth of the rear extension is excessive. A 4meter rear extension at both 1st and 2nd floor level is unacceptable and will block light and obstruct views. The proposed rear extension balconies at first and second floor level will have detrimental effect on privacy to my property. The balconies would look into my rear garden limiting privacy and preventing use of my garden. Three large trees in the rear garden appear to be proposed to be cut down causing an environmental impact and loss of habitat to birdlife. Trees to the rear of the street is part of the character to this location. The proposed rear extensions would have a detrimental impact on loss of daylight."/>
