Hi Sam,

Is this from the agent in response to your question, is this ok?

Kind regards

Louise Sahlke BA (Hons) Msc MRTPI
Senior Planning Officer

Hi Louise

I really appreciate you monitoring the applications during your leave.

The Construction Traffic Management Plan submitted in support of condition 6 gives details which specifically states that school pick up and drop off times will be avoided. See extract below.

1.3 Vehicle details and Quantity

We will endeavour to limit deliveries to rigid vehicles only, however there will be a requirement for articulated lorries for certain elements during the construction phase.

All deliveries will be pre-booked & vehicle movements will be scheduled to avoid the school pick up and drop off times. Therefore, construction delivery restrictions will be in place between 0800-0900 & 1500-1600.

Please can you confirm if this is sufficient to satisfy County Highways? If you are able to send a copy of their response in full I am happy to liaise with them directly and copy you in.

Thank you

Regards
