Comments	<input type="text" value="Essendon Parish Council has noted the reduction in length of the proposed dropped kerb but do not find that this addresses the fundamental basis of our original objection. The proposal is still to facilitate the use of the frontage for car parking with the loss of the traditional boundary (albeit to a lesser extent) causing harm to the character and appearance of the Essendon Conservation area, and will also encourage cars to reverse back out onto the very busy High Road which is clearly dangerous."/>
