Type of Comment	<input type="text" value="ConditionalResponse"/>
Type	<input type="text"/>
Comments	<input type="text" value="Thank you for sight of this application. I have no serious concerns with the intention to develop here. I do however have concerns with regards the lack of security. Whilst I accept the aesthetic need of this prestigious location, the value of stock and customers collections will need an extremely high quality security envelope including alarms (multiple), CCTV and high grade storage for keys etc. As mentioned, the area is becoming known for high value vehicles and will attract a specialised type of criminals who must be catered for if the area is not to become a hot spot for criminal activity. Whilst I welcome the prestigious development, I would need more detail re security before I could support this application."/>
