Type	<input type="text"/>
Comments	<input type="text" value="01/03/2022 Lorraine Davis - These comments relate to provision for Commercial waste. Commercial/trade waste needs to be kept completely separate from residential waste. Each business is responsible for making its own trade waste arrangements, this is not a communal situation where bins can be shared, there has to be a Trade Waste Agreement in place for each business. Business's are at liberty to use any Trade waste provider they choose it is not dictated by WHBC, so there could be numerous different contractors collecting from various businesses on different days and different methods. Bearing in mind the requirements will vary from business to business some may only need a bag a week some may need large containers, recycling facilities etc so this needs to be considered and alternative options found than linked to the residential store."/>
