Proposal	Erection of a 75 bed elderly care home development (C2) with 20 parking bays and associated landscaping.

Comments	<p>We object strongly to this application because of lack of parking provided, parking is already difficult in Manor Road, this would bring even more extra traffic to area. We object to the proximity of the care home which will bring noise and light pollution to the houses opposite. The current landscaping proposals will not completely block our view of the home or block noise and light pollution. We object very strongly to this entire application.</p>
