I believe this application contains no 'special circumstances' to justify green belt usage and indeed it would be an island. Claims of sufficient infrastructure are unbelievable-there are virtually no buses and it is too far from local stations to make walking realistic. Schools,local shops are miles away(apart from Cuffley Junior) and the increased use of probably something like 60 cars at the busiest and most dangerous junction in the vicinity is totally undesireable. This is opportunistic and completely unjustifiable development in the wrong

place.
