Comments	<p>I would like to object to this planning application because it will require development within the green belt and spoil the uninterrupted view I have enjoyed for over 50 years. At rush hours the B157 between Northaw and Cuffley is very heavily congested and a development fo this nature will further add to this congestion causing frustration and increasing pollution. There will also be an impact on the GP and other health and social care services. There is no local bus route and no shops or amenities within walking distance which will require residents to use their cars. The entrance to Colesdale farm also sits of a notoriously difficult junction at which there were at least 3 very serious road accidents in the last 6 months</p>
