Comments	<p>I strongly object to this planning application for the following reasons: 1. It is green belt land which should be preserved at all costs for the good of the environment. There are no "very special circumstances" to justify this green belt development. 2. It is close to another proposed development. 3. Access is at a very dangerous junction where numerous accidents have already occurred. 4. The effect on traffic would be huge and affect the conservation area in Northhaw village which contains many old listed buildings. 5. There is no infrastructure to support this development. Already there are problems with volume of traffic and difficulty finding parking at station and shops. 6. The nearest secondary schools are some distance away which would require the use of cars.</p>
