Application Number	6/2019/1688/HOUSE
Location	69 Lavender Close Hatfield AL10 9FW
Proposal	Erection of a two storey side extension
Case Officer	Ms Lucy Hale
Organisation	
Type of Comment	Objection
Туре	neighbour
Comments	We think the proposed extension causes the following issues and hence object to it. 1) The Sun light in the evening in to my living room is greatly diminished 2) The view of the greenery from my house will be blocked and reduce the value of my property 3) The walkway will look narrower and on this basis my past application was rejected as well. This walkway is being used a lot by residents of Hatfield Garden village Considering above, we fully object proposed extension. It may encourage others to do the same which further spoils the characteristics of the area permanently.
