Proposal	Erection of six dwellings following demolition of existing buildings
Case Officer	Mr David Elmore
Organisation Type of Comment	Objection

Comments	I am objecting to this proposal because I am very concerned about the increased traffic these homes will cause in the immediate vicinity of the plot. Turning right out of Golf Club Road, which you would do for several of the proposed houses, is a blind turn and significantly increases the risk of an accident. I am also very concerned that about the risk of a traffic incident because a very large number of children use Golf Club Road/Brookmans Avenue as a back entry in Chancellors School. The children are often distracted (as children often are) and are not as traffic sensitive as they should be. I fear a child could be hit by a car in such a circumstance. I believe it to be an over development of the site. Brookmans Avenue is a road of large detached homes. These homes are much smaller than others in the road and are out of character. These homes are, in my view , damaging to the property values of houses in close proximity.
