<b>Type of Comment</b>	Objection

<b>Comments</b>	<p>The proposed development appears to contradict national policy to preserve green belt. The local infrastructure would be unable to cope with the influx of considerable increase in population. The development is not within easy reach of doctors' surgery, essential shops and secondary schools. Roads, which are already at gridlock at several periods of the day, would be rendered dangerous and would simply not cope with the additional vehicles (both trade and private) especially at the junction of Northaw Road and Cattlegate. This is already a notorious accident spot and the additional traffic is likely to cause even more serious injury/death.</p>
