Comments	I wish to add further comments. I have now read the three supporting statements provided by Dunlop supporting the certificate of lawfulness and believe it is important to note that the wording on the statements is very similar in the descriptions for 3 people who live in different parts of the country about an occurrence that happened 45 years ago. It is my belief that all 3 have been coached into what to write exactly. In my opinion after 45 years the wording and recollection would be different or not as similar in the words chosen.
