Comments	<input type="text" value="Attn: William Myers (Case Officer) Today I have spoken with Brian Warren, local historian and custodian of the Higgs Photographic Collection, some of which Andrea Allgood has forwarded showing the derelict cottages in 1986. Brian confirmed that he moved to Cuffley in 1980 and he remembers walking down Hook Lane seeing Hook Cottages still in a derelict state. Being an expert in our local area, he knew the exact location immediately . [REDACTED] he doesn't feel he could write anything to confirm this, [REDACTED] but the fact that he remembers them after 1975 (before he moved to the area) is significant in itself."/>
