<b>Comments</b>	<input type="text" value="I would like to speak with the planning officer about this application which has been made without my knowledge. I have lived in Hook lane for 14 years and have never been informed that permission was being sought to build on the land opposite my home. I object for the following reasons; it is a remote location on greenbelt and it would have an adverse effect on the openness and existing row of cottages. Wildlife habitats would be destroyed which currently frequent Hook Wood. The lane is narrow for parking and a car would be essential for commuting. There is insufficient public transport. The buildings if allowed would need to be in keeping with the existing row of cottages so that it in keeping with the current houses in Hook lane as previously stipulated in planning permission granted for these cottages. I have no evidence that houses existed on that land previously or that works had ever commenced to rebuild houses within the 5 years granted in 1974."/>
