Comments	I would like to object to the planning application for new homes at Colesdale Farm. It has already been noticed that large amounts of building materials and bricks have already been delivered to site. It seems that the plan is already going ahead without permission being granted. Does Colesdale Farm know something that we as neighbouring residents do not know? Previous plans have been rejected due to the increase of traffic in already gridlocked local roads at peak times and the fact that it is not necessary housing required in this area. The whole issue of air pollution in Northaw has recently been addressed and this development would add to air pollution in this area.
