<b>Comments</b>	<input type="text" value="Thank you for consulting The Gardens Trust, of which HGT is a member. It would appear from the plans submitted that some trees would be affected by the construction of the pool and a number, marked T1 to T6, are marked on plan AR-A3-004. As there is no accompanying arboricultural or landscape plan for the proposals, it is unclear what species these trees are, what their condition is and whether they are to be removed. There is no detail of any protection measures for any remaining trees during construction . We are therefore concerned that there may be overall loss of tree cover and perhaps of some significant trees although we are not aware of any with a TPO in this location. If further details become available we will be able to make an informed comment."/>
