| <b>Comments</b>           | 31/05/2022 Lorraine Davis - The properties could be incorporated onto the existing ARRC scheme. Each 1 bedroom flat will require 100l refuse capacity. I note it is intended to share the refuse store area of No 12...please confirm the distance from the new flats to the bin store as there is maximum carry distance in the BS Code of Practice (attached) one can expect resident to carry their waste. |
