| Comments | <p>Thank you for consulting The Gardens Trust, of which HGT is a member. We are concerned (as indicated in our response to 6/2019/0737/LAWP) as to the adequacy of the screening. We note that the maximum height of the building is given as 4m and that the building is shown as 2m from the boundary on north and west sides. We would advise that sufficient planting is put in place which will provide adequate screening in all seasons. At present much of the tree cover is deciduous so that views across the historic landscape towards Well Road would be harmed during the winter months or if the tree cover is reduced in any way..</p> |
