Comments	<p>with the new elevation of the proposed plans, I would like to know if Mr Beale is willing to purchase privacy glass for the balconies of the home owners of Parkhouse Court that this application affects or is he willing to use obscure glass to the new rooms he is intending to construct to give the residents of Parkhouse Court some privacy from the new over looking rooms, at present we do have some privacy from the hotel as the existing rooms are below our floor level, but with the proposed elevation the new rooms in the hotel will have direct view into my property, which would mean i would have to have my curtains shut at all times and loose use of my balcony due to lack of privacy. If Mr Beale is willing to accommodate with this issue then i will have no objections but if there is no interest from Mr Beale in regards to the home owners of Parkhouse Courts privacy then I will strongly object to this Planning application and will obtain a petition from all affected residents</p>
