| Address | <input type="text" value="Economic Development Officer"/> |
| Type of Comment | <input type="text" value="Support"/> |
| Type | <input type="text"/> |
| Comments | <input type="text" value="Economic Development Decision Having fully reviewed the information presented in this application to convert outdoor tennis court number 3 into 24 parking bays and an additional 3 bays within the existing staff parking area on surplus areas on land, I fully support the proposal as submitted, based on the detail below: Detail A key priority of the council's Business Plan 2015 ? 2018 is to ?help build a strong local economy?. Increasing the number of bays for staff car parking will encourage employees to remain in the local area which contributes to the borough's economy. The Economic Development Strategy 2017 - 2020 commits to supporting local businesses, enabling them to grow and strengthen their markets. The extra parking spaces will enable David Lloyd Hatfield to grow and meet their member's needs. Conclusion In conclusion, I see no reason why the proposed additional car parking spaces should be resisted on Economic Development grounds."/> |
