<b>Comments</b>	25/01/2021 - Lorraine Davis - Please provide accommodation schedule i.e. No of 1 bed, 2 bed, 3 bed flats per block etc so I can calculate the refuse and recycling quantities. Is the intention to provide 1 unit consisting of 2 bins for all flats in each block to share and if so what materials are you proposing to collect in these receptacles.. I am assuming they are 1100l containers within the unit?? Also the small outbuildings shown behind the new proposed bin locations what are these and where are they accessed from?? Will they be remaining in place? Please advise.
