Important – Planning permission and notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee may be payable for each request to discharge conditions.

For advice on any of these matters, please contact the duty planning officer or the case officer at Welwyn Hatfield Borough Council, Campus East, The Campus, Welwyn Garden City, AL8 6AE or by email planning@welhat.gov.uk between 0900 – 1100 daily.

Informative(s)

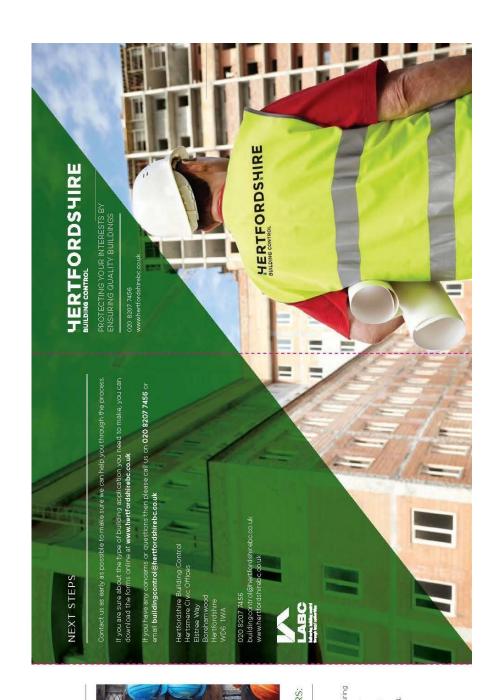

- 1. This permission does not convey any consent which may be required under any legislation other than the Town and Country Planning Acts. Any permission required under the Building Regulations or under any other Act, must be obtained from the relevant authority or body e.g. Fire Officer, Health and Safety Executive, Environment Agency (water interest etc.) Neither does this permission negate or override any private covenants or legal interest (easements or wayleaves) which may affect the land.
- 2. Any damage to the grass verges caused by the development/works hereby approved is the responsibility of the applicant and must be re-instated to their original condition, within one month of the completion of the development/works. If damage to the verges are not repaired then the Council and/or Highway Authority will take appropriate enforcement action to remedy any harm caused.

WHY HERTFORDSHIRE BUILDING CONTROL?

investment made in the community by Local Authorities. authorities who reinvest it into our communities, which you as a resident will benefit from. Therefore, by using our services you benefit from our experienced and knowledgeable team of surveyors, and also from the Control. Any profit we make is returned to those local in Hertfordshire, you own Hertfordshire Building

Being accountable to the public in this way means that we will not be compromised by people or organisations, and when things go wrong - for example buildings becoming dangerous as a result of poor building practices and improper inspections - we are the people who are called in to ensure that the area is made safe and further losses minimised. Use Hartfordshire Building Control early on in your project to prevent such occurrences rather than having us being called in to cure them.

WHAT HERTFORDSHIRE BUILDING CONTROL OFFERS:

- A truly independent service working on behalf of the property owner and accountable to the residents of Hertfordshire;
- Surveyors with the skills and experience to lead the compliance process ensuring that your property meets the standards required by Building Regulations

 • A team with the capacity to provide a responsive service, ensuring that your
 - project will be inspected when it needs to be and will not be held up.

 The technology to increase surveyor time on site and improve our service to our customers;

- A one stop shop for all related obtvites including air testing, acoustic testing, engineering and APP calculations and warrantic stop.
 A company that returns 100% of its profits back to Local Authorities for

WHY DO I NEED BUILDING CONTROL?

to be unsafe, difficult to access or exit, and energy inefficient. The building control surveyor is there to ensure that Standards are adhered to and to certify the work carried out. This is not only important for you when living in your property but also when you come to sell it, as it could delay or prevent a sale if the appropriate by an authorised Building Control body. Building Control protects the interests of the property owner ensuring that architects and buildings adhere the standards required in the Building Regulations. Sadity, there are a number of rogue operators who will out corners to save themselves money and in doing so cause buildings. There is a legal requirement that work carried out on buildings, including alterations, extensions and garage and loft conversions are inspected and certified

IS THIS DIFFERENT FROM PLANNING?

Building Control is separate from planning which deals with the appearance of buildings and how they fit into their environment. Your project may also need planning consent, which is a different process.

You may be receiving this advice note because you have submitted plans to byour Local Authority planning department, if not you will need to contact them by obscuss planning requirements. Links to contact Local Authority Planning. departments are on our website.

WHAT DO BUILDING CONTROL SURVEYORS DO?

the surveyor protects the interests of the property owner and should therefore be independent of the architect and/or builder hake sure that it is you and not your builder or architect who selects your Building Control provider, or that you have carried out the necessary due diligence. of Hertfordshire Building Control is to ensure quality buildings and add value for our customers and communities by leading the compliance process. Essentially Building Control Surveyors work on behalf of the property owner and with architects, builders and other construction professionals to lead the compliance process, certifying that buildings conform to Building Regulations. The mission
