

To: Mr Berkan Demir 1 Marmion Close Chingford London E4 8EN

### Important – Planning permission and notices of consent

### **Compliance with conditions**

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee may be payable for each request to discharge conditions.

For advice on any of these matters, please contact the duty planning officer or the case officer at Welwyn Hatfield Borough Council, Campus East, The Campus, Welwyn Garden City, AL8 6AE or by email planning@welhat.gov.uk between 0900 – 1100 daily.

### Notice of Decision Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015 Approval of Permission for Development

To: Mr Berkan Demir

Application No: 6/2022/1892/HOUSE

Date of Approval: 10 October 2022

WELWYN HATFIELD BOROUGH COUNCIL, in pursuance of powers under the above mentioned act, hereby GRANT, subject to the development beginning not later than 3 years from the date hereof to: -

**Development:** Erection of a single storey front infill extension with part first floor

front extension.

At Location: 2 King James Avenue Cuffley Potters Bar EN6 4LR

**Applicant**: Mr Ozsoy

**Application Date**: 24 August 2022

In accordance with the conditions listed below: -

1. The brickwork, roof tile, bond, mortar, windows, detailing, guttering, soffits and other external decorations of the approved extension must match the existing dwelling in relation to colour and texture.

REASON: To ensure a satisfactory standard of development in the interests of visual amenity in accordance with Policies D1 and D2 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

### DRAWING NUMBERS

2. The development/works shall not be started and completed other than in accordance with the approved plans and details:

Plan Number	Revision Number	Details	Received Date
BD-011202	Α	Block Plan	16 August 2022
BD-011203	Α	Site Location Plan	16 August 2022
BD-011204	Α	Existing Ground Floor Plans	16 August 2022
BD- 01120021	Α	Proposed Ground Floor Plans	16 August 2022
BD-011206	Α	Existing Loft Plan	16 August 2022

BD- 01120025	Α	Proposed Loft Plan	16 August 2022
BD-011207	Α	Existing Roof Ridge	16 August 2022
BD- 01120336	Α	Proposed Roof Ridge	16 August 2022
BD-011201	Α	Existing Front Elevation	16 August 2022
BD- 01120017	Α	Proposed Front Elevation	16 August 2022
BD- 01120138	Α	Existing Rear Elevation	16 August 2022
BD-0112032	Α	Existing Side Elevation	16 August 2022
BD- 01120018	Α	Proposed Side Elevation	16 August 2022
BD- 011200748	Α	Proposed Rear Elevation	24 August 2022
BD- 01120649	Α	Proposed Side Elevation 2	24 August 2022
BD- 01120648	Α	Existing Side Elevation 2	24 August 2022

REASON: To ensure that the development is carried out in accordance with the approved plans and details.

### POSITIVE AND PROACTIVE STATEMENT

The decision has been made taking into account, where practicable and appropriate the requirements of paragraph 38 of the National Planning Policy Framework and material planning considerations do not justify a decision contrary to the development plan (see Officer's report which can be viewed on the Council's website or inspected at these offices).

### Informative(s)

1. This permission does not convey any consent which may be required under any legislation other than the Town and Country Planning Acts. Any permission required under the Building Regulations or under any other Act, must be obtained from the relevant authority or body e.g. Fire Officer, Health and Safety Executive, Environment Agency (water interest etc.) Neither does this permission negate or override any private covenants or legal interest (easements or wayleaves) which may affect the land.

- 2. 1. The best practicable means, as defined in section 72 of the Control of Pollution Act 1974, to reduce noise to a minimum shall be employed at all times
- 2. All plant and machinery in use shall be properly silenced and maintained in accordance with the manufacturers' instructions
- 3. All compressors shall be sound reduced models, fitted with properly lined and sealed acoustic covers, which shall be kept closed whenever the machines are in use. All ancillary pneumatic percussive tools shall be fitted with mufflers or silencers of the type recommended by the manufactures.
- 4. All machines in intermittent use shall be shut down during intervening periods between work, or throttled down to a minimum. Noise emitting equipment, which is required to operate continuously, shall be housed in suitable acoustic enclosures.
- 5. Items of plant and equipment shall be maintained in good condition so that extraneous noise from mechanical vibration, squeaking or creaking is reduced to a minimum.
  - 6. All pile driving shall be carried out by a recognised noise reducing system.
- 7. Where practical, rotary drills and bursters, actuated by hydraulic or electric power shall be used for excavating hard material
- 8. In general, equipment for breaking concrete and the like, shall be hydraulically actuated.
- 9. 'BS 5228 Noise Control on Construction Sites' should be referred to for guidance in respect of all work carried out by the developer, their main contractor and any sub contractors.
- 10. Any emergency deviation from these conditions shall be notified to the Council without delay
- 11. Any planned deviations from these conditions for special technical reasons, shall be negotiated with Council at least 14 days prior to the commencement of the specific work.
  - 12. Permissible noise levels are not specified at this stage.
- 3. 1. All efforts shall be made to reduce dust generation to a minimum.
- 2. Stock piles of materials for use on the site or disposal, that are likely to generate dust, shall be sited so as to minimise any nuisance to residents or neighbouring businesses. Materials for disposal shall be moved off site as quickly as possible.
- 3. Water sprays shall be used, as and when necessary, to reduce dust from particularly "dusty" activities or stock piles.
- 4. The granting of this permission does not convey or imply any consent to build upon or access from any land not within the ownership of the applicant.
- 5. Any damage to the grass verges caused by the development/works hereby approved is the responsibility of the applicant and must be re-instated to their original condition, within one month of the completion of the development/works. If damage to the verges are not repaired then the Council and/or Highway Authority will take appropriate enforcement action to remedy any harm caused.
- 6. In addition, and separate to your planning permission, for the majority of schemes, you are required by law to appoint a building regulator who will inspect

your property at various stages during the course of your building project. This is to ensure it is compliant with the Building Regulations and the Building Act 1984.

The checks the building regulator will carry out include, but are not limited to, the structure, foundations, fire precautions and escape routes, electrical and plumbing compliance and other issues such as drainage and insulation. The objective of these checks is to ensure that your building is safe to live in, accessible and environmentally sustainable.

Once all build stages are checked and the works are finished, a Completion Certificate is issued confirming that these objectives have been met. You will also need the Completion Certificate, should you sell the property, as it will confirm to future owners that the work has been carried out in compliance with the Regulations.

As the owner of the property, you are responsible for Building Regulations compliance so we would urge you to decide which regulator to use, as opposed to leaving your builder or architect to make the choice. This is so that you can be sure the building regulator is truly independent and working to protect you from any breach or omission during the works.

Hertfordshire Building Control Limited are a Company wholly owned by eight local authorities in Hertfordshire including Welwyn Hatfield Borough Council. Please contact them on 01438 879990 or at buildingcontrol@hertfordshirebc.co.uk to discuss the process and all that is involved. Or alternatively refer to the Homeowner Information section on their website at www.hertfordshirebc.co.uk

**Chris Barnes** 

**Executive Director (Place)** 

### **Town and Country Planning Act 1990**

### Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of The Town and Country Planning Act.
- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or 12 weeks in the case of a householder appeal of the date of this notice, whichever period expires earlier.•
- As this is a decision to refuse permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice:
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN or online at www.gov.uk/governmentlorganisations/planning-inspectorate.
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by the Secretary of State.

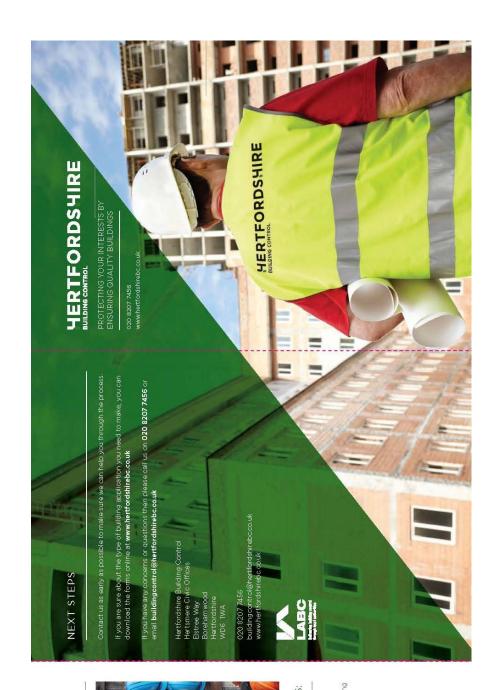

### **Purchase Notices**

• If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render

the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

• In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part 6 of the Town and Country Planning Act 1990.

## WHY HERTFORDSHIRE BUILDING CONTROL?

knowledgeable team of surveyors, and also from the investment made in the community by Local Authorities. Hertfordshire Building Control are owned by seven local authorities in Hertfordshire. In effect, as a resident in Hertfordshire, you own Hertfordshire Building. authorities who reinvestitinto our communities, which you as a resident will benefit from. Therefore, by using our services you benefit from our experienced and Control. Any profit we make is returned to those local

Being accountable to the public in this way means that we will not be compromised by people or organisations, becoming dangerous as a result of poor building practices and improper inspections - we are the people who are called in to ensure that the area is made safe and when things go wrong - for example buildings and further losses minimised. Use Hartfordshire Building Control early on in your project to **prevent** such occurrences rather than having us being called in to **cure** them.

# WHAT HERTFORDSHIRE BUILDING CONTROL OFFERS:

- A truly independent service working on behalf of the property owner and accountable to the residents of Hertfordshire;
- Surveyors with the skills and experience to lead the compliance process ensuring that your property meets the standards required by Building Regulations

  • A team with the capacity to provide a responsive service, ensuring that your
  - project will be inspected when it needs to be and will not be held up. The technology to increase surveyor time on site and improve our service to
- A one stop shop for all related activities including air testing, acoustic testing, engineering and SAP calculations and warranties;
   A company that returns 100% of its profits back to Local Authorities for investment in the community.

### WHY DO I NEED BUILDING CONTROL?

There is a legal requirement that work carried out on buildings; including alterations, activations are impocated and cartried by an authorised Building Control body. Building Control protects the interests of the property owner ensuring that architects and building soldner to the standards required in the Building Regulations. Sadly, there are a number of reque operators who will cut corners to save themselves money and in doing so cause buildings to be unsafe, giffficult to access or exit and nengy inferdient. The building control surveyor is there to ensure that standards are adhered to and to certify the work carried out. This is not only important for you when living in your property but. also when you come to sail it, as it could delay or prevent a sale if the appropriate certification has not been completed.

## IS THIS DIFFERENT FROM PLANNING?

Building Control is separate from planning which deals with the appearance of buildings and how they fit into their environment. Your project may also need planning consent, which is a different process.

You may be receiving this advice note because you have submitted plans to your Local Authority planning department, if not you will need to confact them to discuss planning requirements. Links to contact Local Authority Planning departments are on our website.

## WHAT DO BUILDING CONTROL SURVEYORS DO?

Building Control Surveyors work on behalf of the property owner and with architects, buildings and other construction professionals to bed the compliance process, certifying that buildings conform to Building Regulations. The mission of Herfordshire Building Control is to ensure quality buildings and add value for our customers and communities by leading the compliance process. Essentially the surveyor protects the interests of the property owner and should therefore be independent of the architect and/or builder. Make sure that it is you and not your builder or architectations elects your Building Control provider, or their you have carried out the necessary due diligence.
