### Town and Country Planning Act 1990

1. This certificate is issued solely for the purpose of section 192 of the Town and Country Planning Act 1990.

2. It certifies that the operation/development specified in the First Schedule taking place on the land described in the Second Schedule would have been lawful, on the specified date and, thus would not have been liable to enforcement action under section 172 of the 1990 Act on that date.

3. This certificate applies only to the extent of the operation/development described in the First Schedule and to the land specified in the Second Schedule and identified on the attached plan. Any operation/development which is materially different from that described or which relates to other land may render the owner or occupier liable to enforcement action.

4. The effect of the certificate is also qualified by the proviso in section 192(4) of the 1990 Act, as amended, which states that the lawfulness of a described use or operation/development is only conclusively presumed where there has been no material change, before the use is instituted or the operation/development began, in any of the matters relevant to determining such lawfulness.

## WHY HERTFORDSHIRE BUILDING CONTROL?

knowledgeable team of surveyors, and also from the investment made in the community by Local Authorities. Hertfördshire Building Control are owned by seven local authorities in Hertfördshire. In effect, as a resident in Hertfördshire, you own Hertfördshire Building authorities who reinvestitinto our communities, which you as a resident will benefit from. Therefore, by using our services you benefit from our experienced and Control. Any profit we make is returned to those local

Being accountable to the public in this way means that we will not be compromised by people or organisations, becoming dangerous as a result of poor building practices and improper inspections - we are the people who are called in to ensure that the area is made safe and when things go wrong - for example buildings and further losses minimised. Use Hertfordshire Building Control early on in your project to **prevent** such occurrences rather than having us being called in to **cure** them.

# WHAT HERTFORDSHIRE BUILDING CONTROL OFFERS:

- A truly independent service working on behalf of the property owner and accountable to the residents of Hertfordshire;
- Surveyors with the skills and experience to lead the compliance process ensuring
  - that your property meets the standards required by Building Regulations A team with the capacity to provide a responsive service, ensuring that your
- project will be inspected when it needs to be and will not be held up. The technology to increase surveyor time on site and improve our service to our customers;
- A one stop shop for all related activities including air testing, acoustic testing, engineering and SAP calculations and warranties;
  A compare that returns 100% of its profits back to Local Authorities for investment in the community.

## WHY DO I NEED BUILDING CONTROL?

There is a legal requirement that work carried out on buildings, including taterators, extensions and garage and fut conversions are inspected and cartified by an authorised Building Control body. Building Control protects the interests of the property owner ensuring that architects and builders achiere to the standards required in the Building Regulations. Sadly, there are a number of rogue operators who will curcomest to save themadware money and in doing so cause buildings control surveyor is there to ensure that standards are adhered to and to cartly the work surveyor is there to ensure that standards are adhered to and to cartly the work scanied out. This is not only important for you when living in your property but also when you come to sall, as it could delay or prevent a sale if the appropriate activide on has not been completed.

### IS THIS DIFFERENT FROM PLANNING?

Building Control is separate from planning which deals with the appearance of buildings and how they fit into their environment Your project may also need planning consent, which is a different process. You may be receiving this advice note because you have submitted plans to your Local Authority planning department, if not you will need to contact them to discuss channing requirements. Links to contact Local Authority Planning departments are on our website.

# WHAT DO BUILDING CONTROL SURVEYORS DO?

Building Control Surveyors work on behalf of the property owner and with architects, burlets and orden construction professionals to lead the compliance process, certifying that buildings conform to Building Regulations. The mission of Hertfordshire Building control is to ensure quality buildings and add value for our dustomers and communities by leading the compliance process. Essentially the surveyr protects the interests of the property owner and should therefore buildependent of the architect and/or building the compliance process. Essentially independent of the architect should be independent, or that you have carried out the necessary due diligen fuels.
