Brookmans Park
Hatfield
AL9 7AY

Important – Planning permission and notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee may be payable for each request to discharge conditions.

For advice on any of these matters, please contact the duty planning officer or the case officer at Welwyn Hatfield Borough Council, Campus East, The Campus, Welwyn Garden City, AL8 6AE or by email planning@welhat.gov.uk between 0900 – 1100 daily.

**Notice of Decision
Town and Country Planning Act 1990
Town and Country Planning (Tree Preservation
Order) Regulations 2012
Approval of Permission for Development**

To: Mr Anthony Cancro

Application No: 6/2022/2917/TPO

Date of Approval: 25 January 2023

WELWYN HATFIELD BOROUGH COUNCIL, in pursuance of powers under the above mentioned act, hereby GRANT, subject to the development beginning not later than 2 years from the date hereof to: -

Development: Pine tree in front garden rotten and beginning to fall. Plan to cut down to the root and remove.

TPO 141 T14

At Location: 86 Bell Lane Brookmans Park AL9 7AY

Applicant: Mr Anthony Cancro

Application Date: 29 December 2022

In accordance with the conditions listed below: -

1. The works hereby approved shall be undertaken in accordance with the British Standard 3998:2010 (Tree Work) and by an appropriately qualified person.

REASON: To ensure that any works undertaken comply with arboricultural best practice.

2. One *Pinus nigra*, *Pinus sylvestris* or *Pinus pinea* with minimum height of 1.5m shall be planted in a similar location in the next available planting season (October - February) following felling, in accordance with the British Standard 8545:2014 (Trees: from nursery to independence in the landscape – Recommendations) following the works hereby approved.

REASON: A replacement tree is required given the current amenity value of the trees in accordance with the requirements of TPO 141.

3. The replacement tree shall be maintained so as to ensure establishment and independence in the landscape for a minimum period of five years from the date of planting and should any tree die or become damaged or diseased beyond reasonable remediation it shall be replaced in the following planting season with a tree, like for like in species and size unless the local planning authority agrees otherwise in writing.

REASON: To ensure continuity of tree cover and visual amenity in the neighbourhood.

DRAWING NUMBERS

4. The development/works shall not be started and completed other than in accordance with the approved plans and details:

Plan Number	Revision Number	Details	Received Date
		Map	29 December 2022

REASON: To ensure that the development is carried out in accordance with the approved plans and details.

Chris Carter
Assistant Director (Planning)

Town and Country Planning Act 1990

- If this is a decision to refuse permission for
 - a householder application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice;
 - a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice;
 - an application for advertisement consent, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice;
 - works in respect to a tree preservation order application, if you want to appeal against your local planning authority's decision then you must do so within 28 days of the date of this notice;
 - a lawful development certificate, there is no time restriction.

- For all other appeals, if you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice. •

- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN or online at www.gov.uk/government/organisations/planning-inspectorate. For appeals against works in respect to tree preservation orders, the online address is <https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by the Secretary of State.

Purchase Notices

- If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

- In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase the

owner's interest in the land in accordance with the provisions of Chapter I of Part 6 of the Town and Country Planning Act 1990.

WHY HERTFORDSHIRE BUILDING CONTROL?

Hertfordshire Building Control are owned by seven local authorities in Hertfordshire. In effect, as a resident in Hertfordshire, you own Hertfordshire Building Control. Any profit we make is returned to those local authorities who reinvest it into our communities, which you as a resident will benefit from. Therefore, by using our services you benefit from our experienced and knowledgeable team of surveyors, and also from the investment made in the community by Local Authorities.

Being accountable to the public in this way means that we will not be compromised by people or organisations, and when things go wrong - for example buildings becoming dangerous as a result of poor building practices and improper inspections - we are the people who are called in to ensure that the area is made safe and further losses minimised.

Use Hertfordshire Building Control early on in your project to **prevent** such occurrences rather than having us being called in to **cure** them.

WHAT HERTFORDSHIRE BUILDING CONTROL OFFERS:

- A truly independent service working on behalf of the property owner and accountable to the residents of Hertfordshire;
- Surveyors with the skills and experience to lead the compliance process ensuring that your property meets the standards required by Building Regulations
- A team with the capacity to provide a responsive service, ensuring that your project will be inspected when it needs to be and will not be held up.
- The technology to increase surveyor time on site and improve our service to our customers;
- A one stop shop for all related activities including air testing, acoustic testing, engineering and SAP calculations and warranties;
- A company that returns 100% of its profits back to Local Authorities for investment in the community.

NEXT STEPS

Contact us as early as possible to make sure we can help you through the process. If you are sure about the type of building application you need to make, you can download the forms online at www.hertfordshirebc.co.uk

If you have any concerns or questions then please call us on **020 8207 7456** or email buildingcontrol@hertfordshirebc.co.uk

HERTFORDSHIRE BUILDING CONTROL

PROTECTING YOUR INTERESTS BY
ENSURING QUALITY BUILDINGS

020 8207 7456
www.hertfordshirebc.co.uk

WHAT IS BUILDING CONTROL?

Building Control ensures that architects, builders and other professionals in the construction industry adhere to the Building Regulations when designing and building structures. The Building Regulations set the standards for the design and construction of buildings to ensure that they are safe, accessible and energy efficient.

DOES MY PROJECT NEED BUILDING CONTROL APPROVAL?

Projects that involve extensions, structural changes, loft or garage conversions or changes to electrical wiring will - in the vast majority of cases - need Building Control certification. It is a legal requirement.

To check whether your project requires building control approval please call one of our qualified surveyors on **020 8207 7456** who will be happy to advise you. Or contact us at the following email address buildingcontrol@hartfordshirebc.co.uk. Alternatively, there is a lot of useful advice contained on our website: www.hartfordshirebc.co.uk.

WHY DO I NEED BUILDING CONTROL?

There is a legal requirement that work carried out on buildings including alterations, extensions and loft conversions are inspected and certified by an authorised Building Control body. Building Control protects the interests of the property owner ensuring that architects and builders adhere to the standards required in the Building Regulations. Sadly, there are a number of rogue operators who will cut corners to save themselves money and in doing so cause buildings to be unsafe, difficult to access or exit, and energy inefficient. The building control surveyor is there to ensure that standards are adhered to and to certify the work carried out. This is not only important for you when living in your property but also when you come to sell it, as it could delay or prevent a sale if the appropriate certification has not been completed.

IS THIS DIFFERENT FROM PLANNING?

Building Control is separate from planning which deals with the appearance of buildings and how they fit into their environment. Your project may also need planning consent, which is a different process.

You may be receiving this advice note because you have submitted plans to your Local Authority planning department; if not you will need to contact them to discuss planning requirements. Links to contact Local Authority Planning departments are on our website.

WHAT DO BUILDING CONTROL SURVEYORS DO?

Building Control Surveyors work on behalf of the property owner and with architects, builders and other construction professionals to lead the compliance process, ensuring that buildings conform to Building Regulations. The mission of Hertfordshire Building Control is to ensure quality buildings and add value for our customers and communities by leading the compliance process. Essentially the surveyor protects the interests of the property owner and should therefore be independent of the architect and/or builder. Make sure that it is you and not your builder or architect who selects your Building Control provider, or that you have carried out the necessary due diligence.
