OS Buildings: [Grey Box] Surveyed Buildings [White Box]

This survey has been orientated / graphically fitted to the Ordnance Survey (O.S.) digital file. This is to show the survey in context with its surroundings. Although O.S. Coordinates are shown on this plan the grid is to be treated as arbitrary.

No scale factor has been applied to the survey therefore the coordinates shown are not true O.S. Coordinates.

Please refer to Survey Station Coordinate Table above to enable correct establishment of the on-site grid used.
