I would like to call in this application as I believe that this is of great local and public interest that requires open discussion to ensure the correct decision is made. This building has been subject to unsuccessful planning applications and remained unused for some years; good use of this property would certainly enhance the local area. Having reviewed the application I believe that clarity is required, prior to any decision being made, regarding - the viability of the project, internal works, disruption caused by building works and parking availability.
