Hi June,

Apologies as this email is a little after the deadline of the 8<sup>th</sup> March.  
In the design and access statement it refers to two parking spaces in the car park, but after looking at the boundary plan and land registry it doesn't appear to indicate where these are and if indeed they actually have these spaces. Can you find out where they are supposedly located?

In addition, two parking spaces for 2xtwo bed flats are not likely to be adequate for this development. However, in theory, they would meet the standards.
