Date: 22 May 2019 14:32:29

.
Application reference 6/2019/0860/EM
Development at 175 Parkway WGC AL8 6JA
Proposal: Erection of detached garden room

Comments:

Proposal is in the Conservation area. Are trees/shrubs to be removed? There is a diverse population of wildlife in the area including bats.

Quote from Design Statement - "These proposals for this garden room are crucial to allow the current owner to continue running her business from home and to keep continuity for her clients."

Will the garden room be used for business which will result in smells, noise and disturbance? Will the business use or store hazardous materials?

Thank you
