Dear David,

Apologies for the delay in reverting back and thank you for the decisions so far.

My client has advised the following on the lighting:

“All external lights to whole farm are PIR and I have put 75watt bulbs in - same as rest of farm”

I trust this is agreeable.

Kind Regards

Liz Fitzgerald

Hi Liz,

In terms of the discharge of condition application, can you please confirm the luminance levels of the lighting and whether they have PIR sensors?
