Comments	<input type="text" value="As a resident of Cuffley I am accurately aware of the need for more homes to support the growing local population, prices are ever increasing here. I am particularly pleased to see this proposal include 3-bedroom houses, which are of a very high design. It is important we embrace this opportunity and support it, especially as it is using previously developed land, which will be regenerated. I like the location very much as it's next door to the tennis club, a short walk to the shops and station"/>
