Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Our objection to the construction is whether the roof will be higher than it is now, because the velux windows on the west side could effect our privacy. Also blocking our view and possibly blocking light into our flat. This could also devalue our property. Increasing the development from 8 flats to 12 would increase the problem we already have with visitors parking. At no time when we purchased our property were we told the development would increase in size."/>
