**Importance:** High

Dear Mark,

In this instance the attached report is satisfactory, however it does not contain a completed HER summary sheet (WSI paragraph 5.1.2).

The report also notes that the results of these archaeological investigations for Plot 6000 will be included in the publication report for Plot 5600. We agree with this proposal.

Therefore provided a copy of this report is submitted with a completed HER summary sheet, the archaeological condition (10) can be discharged.

Regards,

**Andy Instone**
