

Comment for planning application 6/2021/1791/VAR

Application Number	<input type="text" value="6/2021/1791/VAR"/>
Location	<input type="text" value="Nyn Manor Vineyards Road Northaw Potters Bar EN6 4PQ"/>
Proposal	<input type="text" value="Variation of condition 4 (approved plans) on planning permission 6/2019/1813/FULL"/>
Case Officer	<input type="text" value="Mr David Elmore"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I object to this proposal on the grounds that an already contentious building is being made even more domestic in nature / appearance, with negative impacts on the Green Belt. The rationale for machinery maintenance is tenuous - any technical work would be done under high powered, focused artificial lighting on the specific part of the equipment in question. The whole space would not need to be lit to a certain level for such activity... The ridge height should also be checked as there may be inconsistencies between approved and proposed drawings (and perhaps what has been built). Particularly given the planning history of the site, and the owner having construction industry expertise, it is disappointing that this is a retrospective planning application. This suggests something more underhand than a simple mistake in construction (like a door being wrong by a foot) and an attempt to continue to push the envelope here towards residential development."/>
