Case Officer	<input type="text" value="Mr David Elmore"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I use Kentish Lane every day and have done so for the last 25 years. I have never experienced any issues with any activities taking place along this stretch of the road. Kentish Lane has been the subject to major residential refurbishment/developments over the last 25years and I must say that the issues created by lorries and commercial vehicle going in and out of those properties that have been demolished and or refurbished has been far greater (albeit fully acceptable) than any remarks made by others on this application and the previous one. I ask myself why there is so much attention to this property and their owners....what's so extraordinary about filming activities in Kentish Lane....they happen all over the country. Rural Areas, Town centres, Commercial centres Green belt areas and development areas. Where do those that oppose think that filming activities take place in real life productions? I fully support this application."/>
