OFFICIAL

Good morning Emily

Many thanks for your email and the information supplied regarding the above planning application.

I've reviewed the information and the car park adjacent to the proposals is not operational railway land, but does appear to be let to the car park operator by Network Rail. However, on viewing the application details, I can confirm that we have no observations to make in respect of the proposed development.

I hope that this is useful. Let me know if you need any further information.

Kind regards

Matt
