16th July 2015

Dear Mr S Dicocco

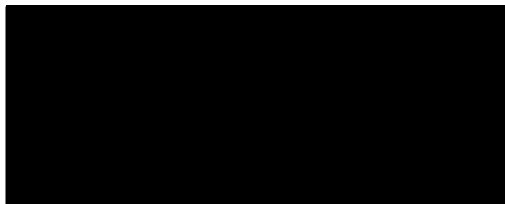

As the owner of one of the adjoining premises I object to the proposed development at 17 South Drive, Cuffley, Potters Bar EN6 4HP; reference S6/2015/1259/HH.

I believe that the proposed extension would be unduly dominant and overbearing, due to its size and siting.

It would unfairly and unduly have an adverse affect on the visual amenity.

As the proposed development is to the south of my property it would result in overshadowing and loss of light. This would have the most affect on my living room and patio area.

Yours sincerely,

Richard Bunn
