Re;- COLESDALE FARM APPLICATION 6/2019/0882/OUTLINE

I would like to lodge my complaint against the proposal of these dwellings.  
Cuffley gets gridlocked at rush hour times and many other times due to the amount of road works that we seem to experience

I live in Theobalds Road, and I think the traffic problem there with the school in the road, needs sorting before anymore traffic comes through due to excessive building of homes. The people that look into these proposals should try living in Cuffley/Northaw for a year, then they might not put pen to paper, without experiencing the problems here.

Also the schools and doctors surgeries can't handle anymore.

Doesn't need too much common sense to realise that Cuffley/Northaw will congested most of the time.

***Find somewhere else to build away from our villages***
