Subject: RE: 6/2022/0126/HOUSE 41 The Ridgeway

Hi Lizzie,

It looks like the oak tree is protected by TPO 528. However, it should be possible to construct the drive without damaging the tree. If approved I would recommend that condition is used to ask for an Arboricultural Method Statement to ensure the tree is not damaged during the construction of the drive.

If you have any further queries please let me know.

Kind regards,

Olly

Did you know that sending a 'thank you' email is estimated to produce over 1g of CO2 equivalent. Think of how many 'thank you' emails must be sent every day; that's quite an impact on climate change. So, I extend my thanks to you now, in advance, for your consideration of my message.

Hi Olly,

Do you have comments on application 6/2022/0126/HOUSE for a dropped kerb. There is a mature oak tree in front of the property.

Kind regards

Lizzie
