Good morning,

I object to this new application which differs so little that my objections are the same as for application 6/2019/0882/OUTLINE. These were uploaded on 24.May 2019. That application was subsequently refused.

The reduction in number of dwellings from 38 to 32 is insignificant compared to the harm that would follow to the two villages of Northaw and Cuffley.

Therefore I can be brief and simply ask you to take into consideration my objections to 6/2019/0882/OUTLINE.
