### Application type

Discharge of Condition

### Proposal

AMENDED PROPOSAL

Submission of details pursuant to conditions 1 (Parking), 6 Construction Traffic Management Plan - Phases 1 and 2) and 7 (Details of Haul Road)) on planning permission 6/2022/2249/VAR

### Recommendation

Notice is given under article 22 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 that Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission.

### COMMENTS:

#### Background

The Highway Authority previously issued a statutory consultee response dated 24/10/2023 that raised no objection to the discharge of Conditions 1 & 7, however raised an objection to the discharge of Condition 6 due to the insufficient information in relation to criteria B & G.

The applicant has since resubmitted an updated Construction Traffic Management Plan (dated 24/10/23). This has been reviewed below.

#### Condition 6

##### **B) Access arrangements to the site;**

The CTMP states that a Traffic Marshall will manage access to the site and will be in place at all times for the duration of the project.

As part of cutting back of vegetation to maintain visibility, no trees must be removed.

The updated CTMP has now removed the previously proposed physical staggered barriers on the footway/cycleway . The Highway Authority are now satisfied with the access arrangements.

**G) Timing of construction activities;**

The CTMP now states Stanborough School start and end periods will be avoided. The Highway Authority are satisfied with these details.

**Conclusion**

The Highway Authority does not wish to raise an objection to the part discharge for phase 1 & 2 for Condition 6.

**Signed**

Samuel Tearle
