YOUR COMMENTS ON THE CASE

I have previously stated my support of the planning application which is the subject of this appeal, I restate this and attach a copy of my original letter of support made to the planning authority.

My view is that the proposed planning application would enhance the visual outlook from my adjoining property and allow the occupier to maintain the land in keeping with greenbelt policies. I have attached copy of current view from my property.

I support the concept of the green belt but in order to keep the green belt as a pleasant land, the planners need to make it possible for land owners to realise resources to maintain the land in a pleasant state.
