Re: Applic. Ref 6/2016/1677/MAJ  
Appeal Ref. APP/C1950/W17/3179182

Comments/Questions:

I would wish to support this application for reasons I have already given when the application was first considered. There is a great need for the community based project which this proposal would provide and it would make use of land which is currently underutilised. The proposed structure would enhance the local area as it has been designed to blend in with the local environment and replace dilapidated outbuildings. I strongly support this application.  
John Farrell MBE.
