Here we are again, having to object to a scheme which has already been challenged, rightly so, by way of a costly Judicial Review paid for by a local resident who felt that like many concerned residents of Cuffley that Welwyn & Hatfield Planning Committee is not paying any attention at the many objections to this scheme and it appears very obvious that this scheme having been refused previously has already been **pre-** approved by the members in of the Planning Committee, before it ever reaches the DMC meeting on Thursday. Its extremely frustrating that although we were recently encouraged to vote for a Neighbourhood Plan for the Borough it seems to me that, what use will it be when it will be just steamrolled by these self serving planning committee members, where is democracy??
