Subject: Planning Application 6/2016/1068/FULL
Date: 08 September 2016 14:21:18

To Whom it may concern,

I am writing to you with reference to Planning Application [6/2016/1068/FULL](#) and voice my concerns.

My family and I, cc'd into this email, purchased an apartment within the James Court development in Cuffley. I believe from looking at your application it is now being called 'Barham Court', something we have not been made aware of. The residential apartments were due to be complete August/ September of this year, however this has been delayed with no real explanation.

During this time we have just been made aware of the planning application above. We purchased the property with the understanding that the commercial space would only be used for A1, A2 and B1 licences and was assured numerous times that it would not be used for B3 and the sale of hot food.

Therefore i would like to object the change of use to a restaurant, at least until all of the residents are made aware and have time to raise their concerns also.

Kind regards,

Chris Hughton
