Dear Mr Sakyi

Following our telephone conversation we had today regarding the proposal of the raised decking at 12 Coulter Close.

There has been an enforcement case from October 2017 reference ENF/2017/0311 at 12 Coulter Close.

Ms Nicole Tupling is the case officer and her email is [n.tupling@welhat.gov.uk](mailto:n.tupling@welhat.gov.uk).

We also informed Ms Tupling that 12 Coulter Close, have an extract flue coming outside of their house which when they cooked all the smell comes into our house. They have also built a summer house at the rear of their garden.

When they submitted plans for a single storey extension in 2014 (ref no S6/2014/2277 show living room /study room /store room no mention of kitchen also on the block plan it does not show the summer house, but in the new plans for the raised decking it shows the summer house on the block plan!

The issue with the raised decking is our invasion of privacy, when they stand on their decking they can look directly into our house.

We feel that the building regulations are there for a reason for which we all have to follow, but Mr Pani has not.

I don't understand when he applied planning permission he did not tell the truth, you mention you will come and visit the property, please inform ASAP.

If you need any further information. contact number is \_\_\_\_\_ or email.

Regards

Mario Georgiou
